APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application,
and do hereby grant the same, subject to the following limitations and
conditions: This permit is issued subject to all prior rights on the
source. A valve must be installed and maintained to prevent waste of
water. A meter must be installed in the pipe line, near the point of
diversion, so that accurate measurements of water placed to beneficial
use may be obtained. This source is located within an area that has
been designated by the State Engineer as coming within the meaning of
the provisions of the 1939 Underground Water Act, as amended in 1943;
therefore the State reserves the right to regulate the use of the water
herein granted at any and all times. It is understood that the combined
flow under permits 11300 and 11522 is not to exceed 0.5 c.f.s.

The amount of water to be appropriated shall be limited to the amount
which can be applied to beneficial use, and not to exceed 0.5
cubic foot per second.

Actual construction work shall begin on or before January 7, 1947

Proof of commencement of work shall be filed before February 7, 1947

Work must be prosecuted with reasonable diligence and be completed on or
before January 7, 1948

Proof of completion of work shall be filed before February 7, 1948

Application of water to beneficial use shall be made on or before

January 7, 1949. Proof of the application of water to beneficial

use must be filed with State Engineer on or before February 7, 1949

Map Filed APR 3 1946

Proof of commencement of work filed AUG 6 1953

WITNESS MY HAND AND SEAL this 9th day

Cancelled MAR 22 1954 because of failure of
applicant to comply with provisions of permit

of July 1946
